KING CANOPY FESTIVAL EVENT TENT

Western Rugged carries King Canopie's heavy duty festival tents as a commercial grade pop up canopy.

Available in 10' x 10', 10' x 15', 10' x 20' sizes. These have a sturdy, powder coated steel frame with center truss that minimizes water build up and maximizes load resistance.

Great for contractors, jobsites, outdoor markets and retail events.

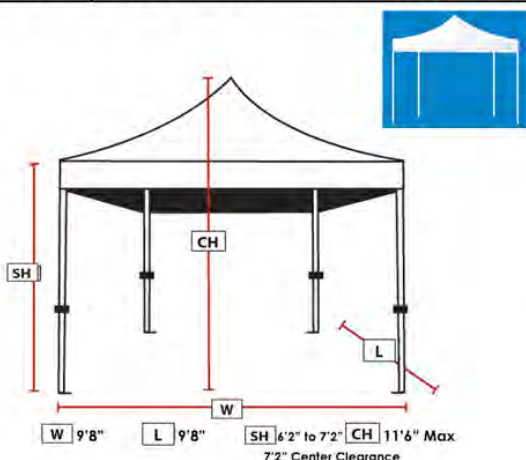

Sidewalls, weight bags and replacement parts available.

PRODUCT FEATURES

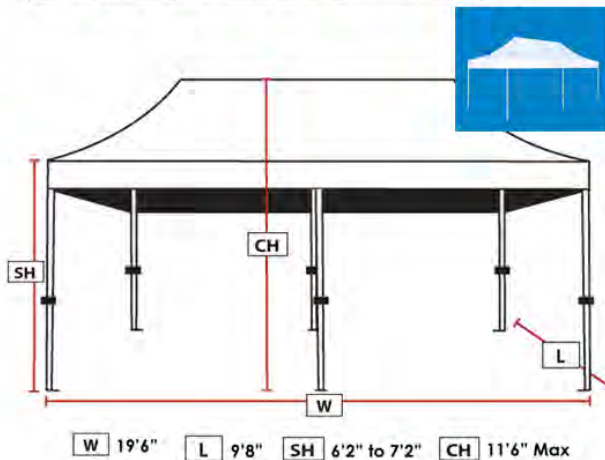

- * Instant set up
- * Waterproof 500 Denier Polyester cover with PVC coating
- * PVC fittings
- * HD carry bag with rollers
- * Ground spikes and rope included
- * HD powder coated steel frame

All parts replaceable

A FRAME CANOPY SNOW & WIND RESISTANT

Our A-Frame canopies incorporate stabilizing rods throughout the roof structure and base. All of our storage canopies come with an extra 12" hem allowance to further secure canopy against wind using sandbags, cinderblocks, etc. Western Rugged's snow & wind resistant canopies are designed with heavy duty 1.2mm thick steel & 48mm diameter tubing. Using a seamless, fire retardant 245 g/sq.m cover gives Western Rugged snow & wind resistant canopies greater strength and durability than those that use separate roof and sides.

PRODUCT FEATURES

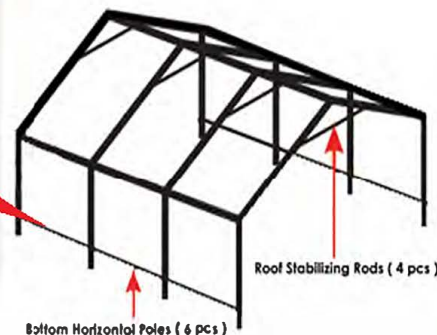

- Easy assembly
- Snow & Wind resistance
- Comes with zippered drive-in door
- Frame Pipe Specs :
 - Powder coated steel frame
 - Outer diameter : 48mm/38mm pipes & 48/42mm fittings
 - Pipe thickness : 0.8mm pipe & 1.2mm fittings
- Cover Specs :
 - 245 g/sq.m
 - 14 x 14 weave
 - Fire retardant : FR 5
 - UV treated : 3%

ITEM NO#	DESCRIPTION	DOOR DIMENSION (W x H)
31916	10' x 20' - HD Snow Load Canopy	96" x 78"
31917	12' x 20' - HD Snow Load Canopy	120" x 78"
31919	12' x 28' - HD Snow Load Canopy	120" x 78"

All parts replaceable

Sleeve style strap mounts over bottom horizontal poles for added wind resistance

ROUND TOP CANOPY

ALL SEASON PREMIUM

Western Rugged's premium all season round top canopies are the premier Canadian temporary storage solution. Designed with all Canadian seasons in mind, they are one of the most durable temporary storage solutions on the market. They are built with the same features as our snow & wind resistant canopies but with more steel and thicker fittings, while also incorporating a design that is better suited to snowy and windy conditions.

PRODUCT FEATURES

- More uprights compared to competitors models for better support & even load distribution
- Easy assembly
- Superior snow & wind resistance
- Comes with zippered drive-in door
- No foundation required
- Frame Pipe Specs :
 - Powder coated steel frame
 - Outer diameter : 38mm pipes & 33.4 fittings
 - Pipe thickness : 1.2mm & 1.4mm fittings
- Cover Specs :
